PROFESSIONAL SUMMARY

Senior Technical Writer with **7+ years of experience** creating clear, structured, and maintainable documentation for enterprise software, industrial systems, and engineering products. Specialized in API and developer documentation, DITA-based structured authoring, content reuse, and Docs-as-Code workflows using Markdown, reStructuredText, Git, and Sphinx-based HTML and PDF publishing.

Experienced in information architecture, documentation planning, technical review, release-aligned publishing, and collaboration with engineering, product, QA, DevOps, support, and subject-matter teams.

CORE COMPETENCIES

API and developer documentation OpenAPI, REST, HTTP, JSON, authentication, request and response examples, errors, pagination, and troubleshooting.	**Structured authoring** DITA, topic-based authoring, content reuse, conditional content, single sourcing, Information Mapping, XML/SGML.
Docs-as-Code Markdown, reStructuredText, Git, GitHub, pull requests, review workflows, Sphinx HTML/PDF publishing.	**Documentation lifecycle** Requirements analysis, SME interviews, information architecture, content planning, review, release readiness, maintenance.
Quality and standards Microsoft Manual of Style, ASD-STE100 principles, terminology consistency, technical review, and peer review.	**Authoring tools** VS Code, Oxygen XML, Adobe FrameMaker, PTC Arbortext, Confluence, Jira, Microsoft Word.

PROFESSIONAL EXPERIENCE

Cuculus India Pvt. Ltd. - Senior Technical Writer

August 2024 - Present | Bengaluru

- Own end-to-end documentation for connected-device and enterprise software, including user manuals, API documentation, installation and administrator guides, and release notes.
- Create Markdown and reStructuredText content in a Git-based review workflow and align documentation with software release cycles.
- Collaborate with engineering, product, QA, DevOps, and support teams; mentor junior writers and lead documentation reviews.

HCL Technologies - Technical Writer

August 2022 - August 2024 | Bengaluru

- Owned documentation for SaaS products across multiple releases, including user guides, installation manuals, release notes, and API documentation.
- Applied structured authoring, content reuse, and Information Mapping principles using Oxygen XML, PTC Arbortext, Adobe FrameMaker, XML/SGML, Confluence, and Microsoft Word.
- Collaborated with development, QA, and product teams to maintain accurate and release-ready documentation.

PROFESSIONAL EXPERIENCE - EARLIER ROLES

Cyient Ltd. - Client: Honeywell - Technical Writer

June 2021 - August 2022 | Hyderabad

- Created and revised maintenance manuals, service bulletins, service information letters, temporary revisions, parts catalogues, and illustrated parts lists from engineering source data.
- Analyzed requirements, estimated documentation effort, created illustrations, and tracked source-data questions through Jira.

Microgenesis CADsoft Pvt. Ltd. - Client: Flowserve - Technical Writer

December 2020 - June 2021 | Bengaluru

- Created user, service, installation, operation, and maintenance manuals for industrial equipment.
- Produced technical illustrations using Siemens NX and Adobe Illustrator, managed translation requests, and peer-reviewed documentation.

Sonovision Aetos Technical Services Pvt. Ltd. - Client: Honeywell - Technical Writer

March 2020 - November 2020 | Bengaluru

- Created scope documents, mock-up illustrations, and revised maintenance manuals from approved engineering source data and drawing updates.

Lionbridge Technology LLP - Client: Rolls-Royce - Technical Writer

February 2019 - February 2020 | Chennai

- Created and revised engine manuals and engine maintenance manuals, including technical variances, service bulletins, and tool bulletins.

EDUCATION

Bachelor of Engineering - Mechanical Engineering, Savitribai Phule Pune University, 2017

Diploma - Mechanical Engineering, MSBTE Maharashtra, 2014
